

# ENCAMPMENT NEWSLETTER

Welcome to encampment! As the week gets started keep an eye out for the encampment newsletter.

## CDC

### »»» Testing, Testing 123

After the long drive to Volk Field ANGB, CDC cadets meet up with cadre and staff to begin the week. Kicking off with drill evaluations, cadets were put in charge of their own flights to be later chosen to lead the flight down the road to the DFAC

## WBS

### »»» Settling In

Basic school is hitting it off strong as they sign their honor agreement committing to a week of training and fun as well as prepare for their first inspection

## »»» WCA

### »»» Understanding the Ropes

Boots on the ground with rapid pace headed from In Processing to their flight waiting to complete their drill tested. From there it was to chow then off to the classroom learning how to conduct leadership feedback, leading core values, as well as the cadet staff roles and responsibilities.
